

# Testimonial - Massey Ferguson

Paul Gunther of Paul Gunther Contracting Taverham, near Norwich, has operated Massey Ferguson tractors for a number of years.

**"They are reliable, economical and perform exceptionally well"**

When asked why he uses Massey Ferguson tractors, Paul Gunther replies: "They are reliable, economical and perform exceptionally well in all my contracting and farming applications."

Paul who previously used different makes of tractors for many years decided to have a change and tried different options. He opted for Massey Ferguson because of the simplicity of use and the ability to deliver market leading performance.

He explains: "When assessing the different

performances I found I liked the simplicity of the Massey Ferguson engine rev pre-sets. I liked the idea and found that the tractor performed well with good accuracy.

"The men liked the performance and especially the comfort of the Massey Ferguson tractors, we do some long hours!"

In 2008 Paul bought three Massey Fergusons and has since added eight MF6499s, with a MF7619 and two MF7624s joining the fleet. A MF3080 yard tractor and MF20B 'hobby'

tractor are also much used and loved.

Paul likes the Massey Ferguson brand so much that he had six new muck spreaders sprayed Massey Ferguson red with grey wheels to match.

He adds: "When you find a good, reliable, make of tractor and a company you can rely upon, it gives you peace of mind to know you have the invaluable support you need to keep your tractors and business on the move."
